Success Is Successful

BUT SUCCESS AT BOOZE FIGHTING IS FATAL TO OTHER EFFORTS.

Nothing succeeds like success. A great many men succeed in disposing of an inordinate quantity of booze because they have so long made a success of the same trick. But on the other hand, the man who makes a success of killing booze generally fails to make a success of anything else. There is no one who recognizes the truth of this statement better than the excessive drinker himself. He frequently would stop if he could, but cannot. To any such individual the McKanna Liquor Cure holds out a prospect which is bright. The cure relieves the drinker of his thirst for whisky and at the same time builds up his shattered constitution so that he can withstand an attack of summer fever.

An office of the McKanna Cure has been established temporarily in rooms 14 and 15 of the Max Lantin building in Globe, where the treatment is administered and a cure guaranteed.

CROP NEWS BAD MARKET SLUMPS

Report of Crop Damages Cause of Drop in Prices About Noon Today—Expect Market to Be Unsettled Until After Crop Report by Government.

(By I. N. Kinsey)
GLOBE, May 6.—Walker Brothers of New York say: Market was irregular and toward close developed a weak tone. There was little commission house business. Traders found some stock for sale late in the afternoon and offered it down. Crop reports were cause of selling. We look for unsettled market until after the government crop report on Friday.

Paine of Boston says: Coppers looked well this morning and North Butte, Copper Range and Quincy had good advances. Towards noon, report of crop damages caused further break in New York market and traders sold stocks down there. Don't get short of this market. No real stock is coming out and with present ease in money and good crop news, higher prices will result.

(By H. H. Bru Co.)
GLOBE, May 6.—This being Monday, there was considerable profit taking in a good many stocks, the whole list selling off toward the close. Stocks are good for a steady rise, however, and we would advise the purchase of U. S. Steel, Southern Pacific, Amalgamated, Anaconda and Atchison. We are also especially bullish on Quincy, Tamarack, North Butte, Mohawk, Copper Range and Old Dominion.

Old Dominion was quiet today, there being very little or no trading. July will see this among the large dividend payers and will also see it up in price. We would advise the purchase of the above stocks, especially of the copper stocks mentioned. Buy on all reactions in the market.

FAIR COMMISSION IS GETTING BUSY

Announcement of Department Officers, Proposed Improvements and a Brief Outline of Speed Program—Mining Building too Small.

The territorial board of fair commissioners, T. E. Pollock of Flagstaff, B. A. Packard of Naco and Tempe, and J. C. Adams of Phoenix, held a long session on Friday last and accomplished a great deal of work toward getting things in order for the next territorial fair. Vernon L. Clark having given up the position of secretary of the commission, C. B. Laird became the logical candidate and he was appointed. The next thing they did was to appoint the superintendents of departments as follows: Mineral, E. P. Randolph, Tucson; horse and mule, W. W. Cook, Phoenix; cattle, A. C. McQueen, Mesa; swine, C. M. Baum, Phoenix; sheep and goat, H. J. Gray, Coconino county; poultry and pigeon, C. B. Wood, Phoenix; apiary, William Rohrig, Tempe; dairy, Emory Kays, Phoenix; women's department, needlework division, culinary division and art division, Mrs. V. C. Foster, Phoenix; educational, V. A. Matthews, Tempe; agricultural, V. A. Clark, Phoenix; speed, Shirley Christy, Phoenix.

The question of a livestock pavilion for the judging of livestock was discussed and while there is no fund for the construction of such a building, the commission is trying to devise some means for the building of one, as it is deemed a very necessary thing in the proper handling of so large a livestock show as will undoubtedly be seen this year.

The mining building is admittedly inadequate to the growing needs of that department, but the commission has decided that by adding some more shelving and rearranging the exhibits it can be made to answer for one more season.

Though the legislature did not make any appropriation for a building fund for the growing needs of the fair, it is nevertheless assured that the exhibition in all departments will be bigger and better than ever before. The appropriation for maintenance and operation was increased from \$7,500 to \$15,000 annually, and the gate receipts are bound to be larger than ever before.

With these resources the commission is planning the greatest possible expansion and feels that though it would give good value for a few more thousand dollars, it will be able nevertheless to make some improvements and offer a far greater attraction than ever before.

In respect of the livestock there is one thing exhibitors will be glad to hear. That is that the Herford Livestock Association and the Shorthorn Livestock association of the United States have each offered to double any premium the fair commission may offer for any exhibit in their respective breeds of cattle.

In the matter of racing the commission proposes to take a step forward also. There will be seven thousand-dollar pacing races and seven thousand-dollar trotting races, and numerous other races for smaller purses. The classes for the thousand-dollar pacing races will be: Free for all, 2:05, 2:08, 2:12, 2:16, 2:20, 2:25. The classes for the thousand-dollar trotting races will be: Free for all, 2:08, 2:11, 2:14, 2:18, 2:24, 2:29.

There will also be a three-year-old trot, the stakes guaranteed, to be for a purse of \$800, and a two-year-old trot for a guaranteed stake of \$500. There will also be three-year-old and two-year-old pacing races for stakes guaranteed, to be at least equally as high.
